Darin, please respond to the below advising that we need a current version of the CD for our records. Question, do we keep the original? The below references giving us a copy. Let me know what you ask for!

Thanks, Lowell

To whom it may concern:

On July 20, 2004 we at D.L. Evans renewed the CD for Gold Star Stone with the interest rate of 2.82 for a period of 18 months. The amount was only transferred to the new CD 76010030. We do have a copy of this CD if you would like it for your files. Thank you for your time. If you have any questions about this matter please call Leslie at 208-678-6000.
